## EXPERIENCE

### Full Stack Web Developer

#### SIMPLISTQ SOLUTIONS

08/2020 - 09/2022 Doha, Qatar

- Designed and developed web solutions for diverse client requirements, resulting in improved user experience and increased customer satisfaction
- Managed admin panels for efficient operations, supporting internal teams and streamlining workflow processes
- Developed custom APIs for seamless integration of mobile apps, improving overall functionality and user experience
- Successfully managed both shared and dedicated hosting providers, ensuring optimal performance and uptime for client websites and applications
- Integrated multiple payment gateways for secure online transactions, increasing customer trust and facilitating seamless payment processes
- And many more

### Mobile And Web Developer

#### SEER TECHNOLOGIES

08/2019 - 07/2020 Peshawar, Pakistan

- Achieved 90% client satisfaction by delivering tailored solutions for diverse projects and consistently meeting clients' specific requirements
- Developed mobile applications using the IONIC and Flutter frameworks, resulting in 100% client satisfaction and positive user reviews
- Seamlessly integrated content management system (CMS) solutions with web clients and mobile apps, enhancing overall functionality and user experience
- Efficiently managed servers and services for various projects, ensuring optimal performance and reliability

## NOTEWORTHY PROJECTS

### FLATWHITE SPECIALITY COFFEE

09/2020 - 11/2020 Doha, Qatar

https://flatwhite.qa

Developed a full-stack e-commerce platform with approximately 9000 active users. Implemented an integrated admin panel for management and control and a secure payment gateway is also incorporated. Other functionality includes multi-store management, an online booking system, and a Learning management system (LMS), thus enhancing the overall experience of users.

### KIDSOR

12/2020 - 03/2021 Qatar

https://kidsor.com/

A fully functional ecommerce website, with integrated admin panel and payment gateway integration. Customized notification system for emails for special occasions. Deployed to AWS with custom SSL installation and domain redirection.

## SUMMARY

Innovative and adaptable Full stack Web Developer with a proven track record of designing and implementing dynamic web applications. Possessing a comprehensive skill set in front-end and back-end technologies, I excel at creating robust solutions that meet clients' specific requirements. With a keen eye for detail and a strong understanding of the complete web development life cycle, I collaborate effectively with cross-functional teams to gather project requirements, design intuitive user interfaces, and write clean and efficient code. My problem-solving abilities and analytical mindset enable me to overcome challenges and deliver high-quality results.
